International Volunteers' Day

We are delighted to announce that **Venn**, an ESR Company, participated in **International Volunteers' Day** on Thursday, 5th December.

As part of the firm's ESG policy, it is proud to have adopted the '1-1-1' model, which means that 1% of each of its profits and people's time, on an annual basis, is given to support community causes, together with a pledge to be carbon neutral.

This year, as part of that commitment, a number of team members gave their time to help out at the **Soup Kitchen**, with several more signed up to volunteer in the next few weeks. The work involved helping to prepare hot and nourishing meals, making lots of teas and coffees and talking and listening to people from all walks of life.

Founded in 1986, the **Soup Kitchen** plays a vital role in supporting the homeless, elderly, isolated and vulnerable people of London. Their mission involves providing food, clothing, mental health support and fostering a strong sense of community for nearly 200 guests daily.
