

VENN PARTNERS WITH SOUP KITCHEN LONDON

We are proud to announce our partnership with Soup Kitchen London, a London-based charity that has been offering warm meals and vital support to the homeless, elderly, and vulnerable since 1986. Located on Tottenham Court Road, Soup Kitchen London also provides a mental health drop-in clinic, ensuring holistic care for nearly 200 guests daily.

As part of this partnership, Venn will send two staff members each month to volunteer for a day—helping prepare nourishing meals, serve teas and coffees, and offer compassionate support to those in need.

This initiative aligns with our Environmental, Social, and Governance (ESG) policy, which commits at least 1% of our profits and people's time annually to community causes, alongside our pledge to be carbon neutral.
