

# International Women's Day

Venn, is delighted to have supported **International Women's Day**, a global celebration that honours the social, economic, cultural, and political achievements and contributions of women. The team showed their support for this important initiative, striking this year's pose for **#GivetoGain**. All the team were invited to enjoy tea and cakes, before the women left to enjoy a IWD themed guided yoga and mindful flow session.

Also, in recognition of the importance of supporting women in the workplace, and as part of its ESG initiative, Venn will be arranging a clothes donation drive on behalf of Smart Works. This charity sources workwear for women to attend job interviews and provides interview training and guidance, supporting those who need it most to gain access to the job market.
